# 30W USB-C PD WALL CHARGER
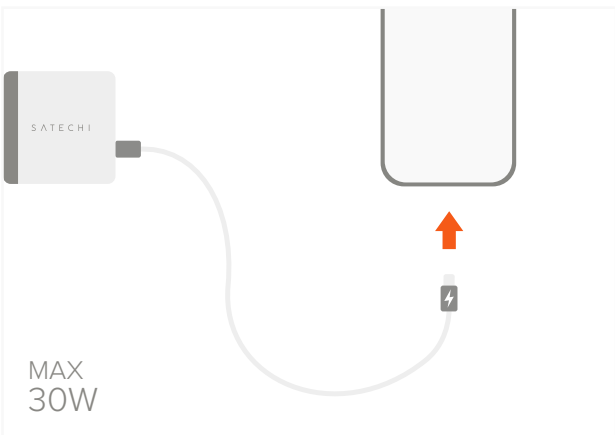

1 Plug the charger directly to a power outlet.

2 Connect a cable (sold separately) to the charger's USB-C PD port.
We always recommend using certified charging cables.

3 Connect an USB-C device to start charging — up to 30W.

MAX
30W

4 Supports fast charging with USB-C to Lightning cable (sold separately).

5 Disconnect device when fully charged.
